Week 3

WOW week two submissions were super impressive!
You guys rocked that challenge, nice work!
Thanks for putting in your best effort!

Reminder work turned in on Flipgrid, will not count towards credit in PowerSchool. Flipgrid is extra and for fun!

Do you have questions? email me, Mrs.Marshall • mmarshall@bcpsk12.net

Week 3: Perspective Drawings

1. New Concepts!

Perspective: the art of drawing solid objects on a two-dimensional surface so as to give the right impression of their height, width, depth, and position in relation to each other when viewed from a particular point.

Vanishing Point: A vanishing point, or point of convergence, is a key element in many works of art. In a linear perspective drawing, the vanishing point is the spot on the horizon line to which the receding parallel lines diminish.

Organic Shapes: are defined as shapes that are irregular or asymmetrical in appearance and tend to have a curvy flow to them.

2. Choose either one or two point perspective

One Point Perspective

Two Point Perspective

Materials Needed:

Regular pencil
Colored pencil, markers, or crayons
Black colored pencil or marker
Straight edge (ruler, hard bound book, metal tin)
Piece of blank paper

3. Watch the Videos

Follow along with the video and pause as often as you need to complete your drawing.
